Proposed Amendments and Deletions to Title 5 Sections 80048.3, 80413.1, 80457 and 80523.1

Introduction

At the June 2003 Commission meeting the Commission staff presented the first of three agenda items pertaining to updating 65 sections of Title 5 of the California Code of Regulations. This agenda item is the third and final in the series of agenda items. Staff is proposing amending and deleting sections of Title 5 that have been changed due to statutory changes.

Background

During the process of making changes to the sections of Title 5 of the California Code of Regulations sections pertaining to the Administrative Services Credential the Commission staff found that certain sections of Title 5 were in some cases more restrictive than the statute cited as a reference. At the direction of the Executive Director the Professional Practices Division, the Professional Services Division and the Certification, Assignment and Waivers Division reviewed Title 5 sections that pertained to each Division. As a result of that review, staff found 65 sections of Title 5 that needed to be either deleted or updated. The affected sections were classified as either Changes Without Regulatory Effect, Sections to be Deleted that Require a Public Hearing and Sections to be Updated that Require a Public Hearing. This is the third agenda item that addresses sections to be updated that requires a public hearing.

Proposed Changes to Title 5 Regulations

§80048.3. Specific Requirements for the Preliminary Level I Education Specialist Instruction Credential.

Staff is proposing the deletion of Section (b) because both Assembly Bill (AB) 1620 (Statutes of 1998, Chapter 547, Scott) and AB 877 (Statutes of 2000, Chapter 703, Scott) changed the requirements for out-of-state trained teachers. Education Code Section 44275.3 clearly defines the requirements for the Preliminary Education Specialist Credential; consequently this section is no longer necessary.

§80413.1. Specific Requirements for Preliminary and Clear Multiple and Single Subject Teaching Credentials for Applicants Prepared Outside California.

This section was originally promulgated in 1986, since that time the Legislature has passed and Governor's have signed three major pieces of legislation that changed the requirements for out-of-state trained teacher's to earn a California teaching credential. Consequently staff is proposing that this section be deleted. Education Code Section

44275.3 clearly defines the requirements for multiple and single subject credentials for teachers prepared outside of California.

§80457. Acceptance of College or University Work for Purposes of Certification in California.

The Western Association of School and Colleges is being deleted because it was deleted from Education Code Section 44227 by SB 299 (Statutes of 2001, Chapter 342, Scott).

§80523.1. Experience in Lieu of Student Teaching.

Staff is proposing adding the Education Specialist Credential to this section because special education credentials were added to the appeal process outlined in Section 80509 in 1998.
